FZ Shared Inset 2018

FZ Schools are planning a shared Inset day for September 2018. The idea is to host a range of high quality workshops across FZ schools so individuals and schools can select their preferences.

So far some of the ideas suggested include: behaviour management, creativity across the curriculum, life coaching, well being, developing a love of reading, EYFS Talk for Writing, boys' attainment and helping children with dyslexia.

We are keen to tailor the training to individual and school needs so would urge you to discuss and to forward suggestions asap. We are interested in both outside expertise you feel would be beneficial but also expertise within FZ schools that could be shared.

We will seek to finalise the workshops at the DH meeting and HT Conference so request all suggestions be submitted by 19th Jan 2018.

Please forward suggestions to Michael at:
